FUEL, OIL & TIRE ANALYSIS

February 8, 2025  
Mr. Wendell Durrance  
All-Tech Raceway

Subject: Tire Analysis on samples submitted on February 7, 2025 by All-Tech Raceway. Blue Ridge Race Lab, LLC received five tire samples for Tire Analysis on tire samples identified by evidence bag number, tire date code, tire compound number, and tire manufacturer. The samples were received in good condition in sealed evidence bags. The evidence bag seals were intact upon arrival.

### Summary of Race Tire Analysis:

| BRRL LSID | Customer ID<br>Tire Date Code | Tire Manufacturer<br>Tire Compound Number | Result                    |
|-----------|-------------------------------|---|---------------------------|
| 25-0214   | 1629783/2LW7                  | Hoosier Crate D21                         | Conforms to the benchmark |
| 25-0215   | 1629784/2LW7                  | Hoosier Crate D21                         | Conforms to the benchmark |
| 25-0216   | 1629786/4CP4                  | Hoosier Crate D21                         | Conforms to the benchmark |
| 25-0217   | 1629788/3LN1                  | Hoosier Crate D21                         | Conforms to the benchmark |
| 25-0218   | 1629790/6KV2                  | Hoosier Crate D21                         | Conforms to the benchmark |

All method specified quality assurance/quality control standards met method defined acceptance limit criteria during the analysis of this sample batch. If you have any questions concerning this analysis report, please feel free to contact me. I appreciate your business and the opportunity to provide tire analysis for your series.

Sincerely,

Kim Johnson
